SPECIALIST TEXTILE FABRICATIONS

**Promotech is a proud
New Zealand manufacturer since 1993**

LAUNDRY BAGS

Promotech laundry bags are built to last. Constructed from our purpose made 300-denier polyester twill fabric, known as durotech, they incorporate the following standard features:

- Heavy duty draw cord.
- Industrial strength cord lock.
- Bottom handles inside and out.
- Double sewn bottom seams.
- High strength Polyester tabs (x 4) for hanging bag on a frame if required.
- Fits most trolleys.

Bag branding available.

IMPERMEABLE BAGS

The Promotech Impermeable Laundry bag is a reusable, economic and environmentally friendly solution to handling soiled linen. High frequency welded seams prevent potential fluid leakages, whilst the colour coded durotech top section allows the bag to be securely closed, minimising the escape of offensive odours. Standard features include:

- Heavy duty draw cord.
- Industrial strength cord lock.
- Robust bottom handle.
- High strength Polyester tabs (x 4) for hanging bag on a frame if required.
- Fits most trolleys.

COURIER SATCHELS

Docket windows with internal or external access Security locking system available.

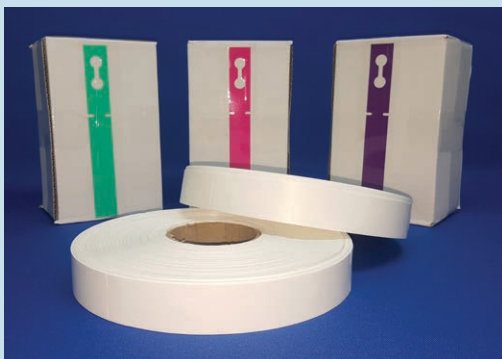

SOLUBLE SEAM LAUNDRY BAGS

Promotech laundry bags are built to last. Constructed from our purpose made The soluble seam bag liners are manufactured from polyethylene with a dissolvable seam fixed down the middle of the bag. When the seam dissolves during the initial stages of the laundry cycle, the bag opens up allowing the infectious and/or soiled linen to be released. A detachable water soluble tie tape is also used to seal the bags opening.

LAUNDRY TAGS

A large range of laundry or dry cleaning tags, for printing or writing on or colour coded. We can also print tags to your specifications. Contact us for more details.

WASHNET BAGS

Our industrial quality washnet bags are intended for use in commercial, institutional and industrial environments that place a high demand on the quality and durability of their laundry handling equipment. Key features that distinguish a Promotech wash net bag from the rest are:

- 100% polyester heavy duty mesh fabric. Heavy polyester binding on all seams offering protection to both the seam and the garments inside the bag.
- Durable coil zip with metal slider.
- Elastic cover for the zip slider in the closed position ensuring the bag stays closed in the wash and protecting the inside of the washer / dryer from exposure to the metal slider.
- Polyester webbing hanging loop that also functions as a labelling surface.
- Standard with zip top, cord and lock, toggle or open top also available.

HANGER BAG (with mesh front)

The Hanger bag has been created as a cost effective alternative to a laundry basket. The upper portion of the bag is constructed to accept a standard clothes hanger which means the bag can be hung in either a closet, on a hook. Size 45x70cm
